

Our very first Summer Games, WOW!

An event for everyone, an opportunity to socialize with neighbours and meet many other wonderful people in our community. I haven't cooked or washed dishes for a week, food was fantastic, my legs are hurting from dancing to all the live music (OK the 3Km run finished me off), and the weather could not have been better.

We live in Condo 2 and the enthusiasm displayed by the Co-chairs, Committee Chairs, Condo and Sport Captains and all the VOLUNTEERS was infectious. I understand it was difficult for Phil to cough out that Condo 2 had defended the Trophy and again been victorious, but we are all winners - this is an amazing undertaking and a wonderful display of a community coming together.

Our thanks to all for making this a most enjoyable experience and to co-chairs, Wayne Burgess and Phil Bannon for your enthusiasm and dedication - it is sincerely appreciated.

We look forward to future Summer Games, but more importantly enjoying this new Community we are a part of.

Bruce & Nancy Forty
