Shopping Guide

To the right is a list of retailers, restaurants, services, and grocers that are known to be operating as gleaned from social media sites. This list is far from comprehensive and is subject to unforeseen change.

The businesses are intentionally divided into geographical zones. Looking ahead, this approach may be useful in organizing business retention campaigns and flash mob shoppers.

If you know of a business, or you own a business, that is not included in the Table, please email me at david.tuley@townofws.ca. We'd love to add it to the list!
