

YORK REGION VACANT LAND CONDOMINIUM CORPORATION 1202

April 8th, 2020

Dear Residents

The Board of Directors of YRVLCC 1202 and The Ballantrae Recreation Center, are committed to the health, safety and welfare of the Ballantrae residents and community.

The situation surrounding COVID 19 is continuously evolving. We continue to closely monitor news regarding the COVID 19 pandemic and various orders announced by the Municipal, Provincial & Federal levels of Government.

As restrictions on social distancing and work places continue to escalate, the Board of Directors has decided that the Recreation Center will remain closed until such time that is determined to be in the best interest of the safety and security of the community to reopen.

In the spirit of staying connected, the Ballantrae Recreation Center, Board of Directors, Wellness Coordinator & Management have collaborated to make it possible to provide all residents with virtual fitness classes. Fitness Classes are complimentary and are held Monday – Thursday live with Dayna Stoddart. This is a great way to stay connected and get some daily movement in. The full class schedule and instructions are emailed to all residents every Friday. If you have questions you may reach out to Dayna directly at daynas@rogers.com

The Home on the Green (HOTG) website has a dedicated section for COVID 19 providing links to resources and information that may be helpful to you. <https://hotg.ca/>

The Board of Directors and management continue to work closely together and monitor the situation in the best interest of the Ballantrae Community. The staff of the recreation center and the property managers will continue to be available by phone and email.
