

YORK REGION VACANT LAND CONDOMINIUM CORPORATION NO. 968

March 18, 2020

Dear Owners and Residents:

RE: Self Imposed Isolation

We hope you are doing well!

The Board of Condo 1 expresses concerns for safety and continued good health of the residents. The Board is committed to providing our residents, who are the most vulnerable during this crisis, with current health and service information. We encourage any residents who become aware of friends or neighbors who may require special assistance to contact a board member. We will be repeating this message for the benefit of those residents who are currently out of Country and not aware of the containment measures we have taken in the community.

As a reminder and for the time being, during this COVID-19 pandemic, Canadian authorities have required for All population to apply social distancing, volunteer self-quarantine and self-isolation depending on circumstances, showing symptoms of flu or returning from traveling abroad. **There is now a 14 day self-isolation protocol in place for residents returning from all international travel.**

Board of Directors would like to remind all residents to follow the guides set by authorities and rely on trusted and respected health services such as the Public Health Agency of Canada (PHAC) at www.canada.ca/en/public-health, Centers for Disease Control and Prevention (CDC) at www.cdc.gov and the World Health Organization (WHO) at www.who.int.

Recreation Center remain closed as per the decision of the Board of Directors of YRVLCC 1202. Thank you for your support and understanding during this unprecedented times.

Take care and be well!

Board of Directors YRVLCC 968
