

TOWN OF WHITCHURCH-STOUFFVILLE

July 2, 2020

The Town of Whitchurch-Stouffville has launched a new online service to make your life a little easier.

The Town recognizes that coming into pay bills with everyone's busy lives isn't always convenient and many would prefer to do it from home.

This tool was created to help bridge that gap.

Enroll on the Virtual Town Hall website and you can use debit or credit cards to pay your taxes. In addition to that, you can also view your bills and past transactions, view assessment values, enroll in e-billing or a Pre-Authorized-Payment-Plan and a number of other services.

Using our detailed [Instruction manual for property owners](#) and [Instruction manual for law firms](#), you can make accounts and utilize the service.
