### **RE: Communication – Rec Centre Reopening Policies**

The YRVLCC 1202 Board of Directors and The Ballantrae Recreation Centre have worked diligently to create new policy and procedure that is in the best interest of the health, wellness and safety of all residents.

We understand that during this initial first step in reopening the Rec Centre, many previously common activities may seem restrictive. We are continually assessing the current state of the COVID-19 pandemic and will be considering additional activities as the environment evolves, at a future date.

All residents who attend the Rec Centre will be required to read and sign the [Amenity Use Agreement, Acknowledgement & Release](#) form before attending. Residents are encouraged to print the document at home and email a signed copy to Adam Hassan [adam.hassan@fsresidential.com](mailto:adam.hassan@fsresidential.com) where possible.

All residents are required to bring their FOB. Your individual FOB will provide a record of residents using the facility for registry purposes.

All residents are required to be wearing face masks prior to entering the building and to maintain a physical distance of 2 metres.

The Amenity Use Agreement, Acknowledgement & Release form and all general use and policy information is available on the [Rec Centre Page](#). Residents are to carefully review these policies to ensure a clear understanding.

The Recreation Centre will be open effective Monday August 10<sup>th</sup> from 7:00 am – 5:00 pm Monday to Friday. Saturday and Sunday will remain closed for our initial opening.

Use of the Recreation Centre Facilities is by pre-registered appointment, additional details for each activity are contained within the individual policies. Residents may reserve their space by utilizing our new online registration software. The link to the website is provided below. Residents without computer access may contact the Rec Centre at 905-640-1055.

Residents may start making reservations commencing Thursday August 6<sup>th</sup> at 10:00am. To book an appointment click [Rec Centre Reservations](#).

We thank all residents in advance for their understanding and co-operation.

Thank you,

Adam Hassan
